Invitation letter to delegation from Tianjin Municipal Education Commission

I would like to formally invite a delegation of fifteen members of the Tianjin Municipal Education Commission, People's Republic of China, to participate in a three-week training programme, '*Teaching Model Reference of Integration of Innovation Entrepreneurship Education and Professional Education*', in the United Kingdom from the 27th of August 2017 to the 16th of September 2017 (21 days in total). The full list of fifteen invitees can be found on the next page.

The main purpose of this training programme is for the delegation to be introduced to some of the teaching methods currently being employed by tertiary institutions in the UK, including the University of Strathclyde, so they can consider how some of these creative, innovative and professional practices could potentially be used in higher education institutes in Tianjin, PRC.

All the travel and accommodation fees will be the responsibility of the delegation members as well as for any other expenses incurred during their stay in the UK. The Strathclyde China Institute, University of Strathclyde, will provide the delegation members with interpretation services whenever necessary, to minimize the risk of any communication difficulties during the delegates' stay in the UK.

I hope that this letter will be sufficient to support each delegate in his or her visa application to your office. However, should you require any further information, please do not hesitate to contact me.

Yours faithfully,

David Roxburgh
